Applications Information

Maintenance/Industrial Coatings

Several large maintenance and/or industrial coatings manufacturers are using Zeeospheres G/N-400 in their primers and topcoats. Proven benefits include:

- High solids loading with lower viscosity
- Reduced VOC
- Improved Hardness
- Chemical and Corrosion Resistance. Improved Salt Spray. (August 2011 ZeeMail*)
- Abrasion Resistance
- Improved Sprayability
- Lowering Resin Demand (cost reduction in October 2011 ZeeMail*)

Starting formulations available in

- March 2012 ZeeMail* (Zero VOC High Corrosion Resistance Metal Primer)
- August 2012 ZeeMail* (Water Borne Anti-Corrosive Epoxy Primer)
- September 2012 ZeeMail* (High Solids Alkyd Primer)
